

Save up to
50%
adhesive compared to other systems!*

codex Hydrostop

Multi-purpose water proofing, crack bridging and decoupling membrane!

The new innovation
in membrane technology.

- Seal and repair in a single step
- Impermeable and water-proof
- Crack bridge & de-coupling membrane so suitable for the most problematic screeds and timber substrates
- Versatile, ideal for wet rooms and use in heavy traffic commercial applications
- Quick and easy to install with minimal build up height

codex
exclusive to real tilers®

codex Hydrostop

Multi-purpose water proofing, crack bridging and decoupling membrane!

The benefits:

Cost effective

- ▶ Save up to 50% of adhesive compared to other systems*, as only 2 bags of codex Power Plus Turbo are needed per roll (4 mm trowel)

Multi-purpose

- ▶ Seal and repair in a single step

Impermeable

- ▶ Protects against penetration of moisture and other substances

Stress relief

- ▶ On problematic substrates, can be used as a crack bridge and decoupling membrane

Simple

- ▶ Extremely quick and easy to install. Can also be applied on walls and floors for tanking

Reliable

- ▶ The polyethylene roll has fleece on both sides in order to provide secure adhesion

Flexible

- ▶ Thin and light weight for minimal build up height

Article No.	Roll Size	Unit / Pallet	Thickness	Colour
48474	30 m long x 1 m wide	35	0.5 mm	green

*With 2 bags of codex Power Plus Turbo, see product data sheet for more detailed information and coverage prerequisites.

Yes, i want more information.
